

BLINK TROLL

A REVOLUTIONARY MOVING TARGET SOLUTION

Whether you are shooting at long range with a rifle or at close range with a pistol, whether you want to shoot at steel or paper targets, whether you are looking for a single target solution or a tactical course with multiple moving targets, the BlinkTroll offers new and exciting possibilities.

BlinkTroll runs back and forth on a static rope or steel wire, so changing location is fast and uncomplicated.

BlinkTroll can be controlled using a smartphone and you can choose between several automated modes.

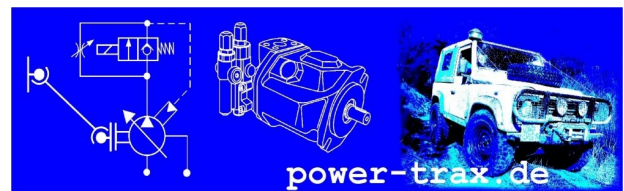

With its modular hardware and upgradable software, the BlinkTroll concept is flexible not just in use but at the very core of its nature.

MAIN UNIT AND MODULES

SKU	Product
BT-M-02	Blinktroll MkII
BT-RX-02	Blinktroll MkII Range Extender
BT-HD-01	Blinktroll Hit Detection Module

ACCESSORIES

SKU	Product
BT-ACC-002	6mm steel wire
BT-ACC-003	Steel target - 350 mm hardox
BT-ACC-004	Steel target - 250 mm hardox
BT-ACC-005	Aluminium rods for target suspension
BT-ACC-006	Wire stop with bumper
BT-ACC-007	Extra Blinktroll battery charger with 2 battery packs

SPECIFICATIONS

INTERCHANGEABLE BATTERY PACKS

Easy battery mount

- 2 Hours of operation on a single battery
- The BlinkTroll can carry 2 batteries, enabling extended operations on a single charge

Sleep mode for longer battery life

REMOTE CONTROL VIA APP

Connects app to BlinkTroll using WiFi

Start and stop sequences on app

Available for Android (iOS app in development)

- Pre-installed Android device available
- Range: 100 meters, more with range extender

WEATHER RESISTANT

- Temperature range: -10 C to +50 C
- Works in rain and snow

MODULAR DESIGN

Lightweight

Runs on a 6-10mm static line or wire

Speed: 2-6 m/s

- Carrying capacity: Up to 6kg
- Basic BlinkTroll module can be expanded with additional functionality

CONTINUOUS DEVELOPMENT

Modular hardware add-ons

Continuously improved app

Hit Detection System under development

We want to adapt to your demands

CONFIGURABLE TARGETS

BlinkTroll can be configured to your choice of target. With a carrying capacity of up to 6 kg, the BlinkTroll can be used with a steel target, cardboard cutouts or archery targets.

EASY TO SETUP

The BlinkTroll will run on both a static rope setup or a steel wire. On flat terrain, tripods can be used as mounting points for the rope or wire.

CUSTOMIZED FLIGHTCASE

BlinkTroll is delivered in a compact and robust flightcase. Perfect for the field, safe storage and transport.
